

# Spring Children's Program

## The Enchanted Island

### Saturday April 15<sup>th</sup>

Grab your fairy wings and magic wands. Come to the Enchanted Island. Follow the magic mushroom trail to the story huts where the Fairies, Storytellers and Wizards will be waiting for you. If you ask politely they might share a story or two. Stay on the trail until you have discovered all the story huts there be. At the end of trail you will spy the Magic Spell Shop. Enter only if you dare, for therein an old wizard guards the magic potions you will find there. Then onward to have your fortune told by the Gypsy Queen while you gaze into her crystal ball. Nibble on a cookie or two. Don't forget to enjoy a cup of nature's brew. But most of all leave the Enchanted Island having learned something new.

We are especially pleased to have the Alliance for Hispanic Advancement join us for the first bi-lingual storytelling.

**Mark the Date: Saturday April 15<sup>th</sup>**
